**FOR IMMEDIATE RELEASE:**

## **Internationally Renowned Virologist Releases Definitive Guide To Understanding And Navigating COVID-19**

***Tell Me When It's Over: An Insider's Guide to Deciphering Covid Myths and Navigating Our Post-Pandemic World; Releases February 13, 2024***

**\*\*Interviews Available With Acclaimed Virologist and Author, Dr. Paul Offit \*\***

Three years on, COVID is clearly here to stay. So what do we do now? Drawing on his expertise as one of the world's top virologists, [Dr. Paul Offit](#) is helping weary readers address that crucial question in his highly anticipated forthcoming book, [Tell Me When It's Over: An Insider's Guide to Deciphering Covid Myths and Navigating Our Post-Pandemic World](#) (National Geographic; Available for Pre-Order; On Sale February 13, 2024).

As a member of the FDA Vaccine Advisory Committee and a former member of the Advisory Committee for Immunization Practices to the CDC, Dr. Offit has been in the room for the creation of policies that have affected hundreds of millions of people.

In this brief, definitive guide, Dr. Offit marshals the power of hindsight to offer a fascinating frontline look at where we were, where we are, and where we're heading in the now-permanent fight against the disease.

### **KEY FOCUS POINTS:**

- **Vaccinations & Immunity** - Offering insight on boosters, immunity induced by natural infection, and what it means to be fully vaccinated.
- **COVID Origin** - Exploring the dueling origin stories of the disease, tracing today's strident anti-vax rhetoric to twelve online sources and tracking the fallout.
- **Long COVID** - Understanding what it is, who it's impacting and the known treatments.
- **A Look To The Future** - Revealing whether we can make a better vaccine, whether it should be mandated, along with fourteen crucial takeaways to eradicate further spread.

Filled with pragmatic analysis, and accompanied by a companion website populated with breaking news and relevant commentary, [Tell Me When It's Over](#) is the definitive guide to understanding, navigating, and finding new solutions to the new normal of life with COVID-19.

## **ABOUT THE AUTHOR**

Paul A. Offit, M.D. is the Director of the Vaccine Education Center at the Children's Hospital of Philadelphia and the Maurice R. Hilleman Professor of Vaccinology and Professor of Pediatrics at the University of Pennsylvania.

The co-inventor of the rotavirus vaccine for infants, he has appeared on TODAY, Good Morning America, CBS This Morning, 60 Minutes, and many other programs.

Ubiquitous in the press and the recipient of medicine's most prestigious awards, Paul is the country's most trusted experts on vaccines and COVID-19.

The co-inventor of the rotavirus vaccine, he has published more than 180 papers in medical and scientific journals. His outspoken advocacy for science-based medicine has drawn praise from around the world.
